

Manorlu Swim Club

COVID 19 Compliance Plan

6/17/20 Update

As directed by local health authorities, Manorlu Swim Club has developed a list of guidelines to maintain a safe environment for all members during the 2020 Summer Season. Since staff will be monitoring pool usage and safety, we ask members to monitor their own families in upholding these guidelines:

1. Members should follow all guidance and requirements set by the CDC, local government, and health experts during the course of their visit: most importantly, members may not utilize the facility when sick or recently exposed to COVID or have a personal health situation which causes concern. Members should wash hands often with soap and water or use the club provided or personal hand sanitizer.
2. Members should adhere to social distancing guidelines on grounds, in restrooms, and at the snackbar.
3. Only family members are permitted to sit in a group. Groups must be 6 feet apart from other family groups.
4. Although not required, a face covering is recommended when not swimming and when social distancing is difficult.
5. The gaga pit will be off limits until further notice.
6. Diving Well Guidelines - members should maintain social distance by standing on the spacing markers posted on the deck.
7. Main Pool Guidelines - At the manager's discretion, the pool may be cleared to maintain a safe capacity. Temporarily, there will be no designated "adult swim" time. For those members who wish to swim laps, one lane line will be kept in to afford that capability.
8. Baby Pool Guidelines - A child must be closely supervised by a parent to maintain social distance. Parents should use discretion regarding capacity. Pool toys will be prohibited at this point.
9. The club will not be providing sporting equipment for loan. We encourage members to bring their own from home.
10. We request members bring their own chairs to and from the pool every day. Storing chairs at the pool will not be permitted at this time. The club will not be providing chairs.
11. The staff will be monitored for symptoms.
12. To maintain a safe level of occupancy for our members, swimming or non-swimming guests will not be admitted on weekends.

Please help us support our staff while implementing these guidelines. The board of directors created these guidelines to provide for a successful and safe summer.

Note - By paying your dues, you acknowledge that you have read and understand the Manorlu Swim Club Compliance Plan.
